AWS Certified Developer – Associate

PROFESSIONAL SUMMARY

Senior Front-End Developer with over 15 years of experience building scalable, high-performance, product-driven web and mobile applications. Works end-to-end — from architectural decisions (SPA / SSR / SSG / ISR) to continuous delivery and evolution in production — with a strong focus on quality, performance, and user experience.

Solid background in front-end architecture, Design Systems, and UI Engineering. Experienced in technical leadership, team mentoring, and collaboration in agile environments, ensuring deliveries aligned with business impact.

Hands-on with **generative AI** across the full development cycle — RAG, embeddings, LLMs, automation — using Cursor, Claude, and GitHub Copilot to boost productivity and drive continuous product evolution.
